

Packster 70 Business

The Packster 70 Business makes light work of life. Whether you need to transport children, the weekly shop or tools, the Cargo Bike transports everything safely to your destination. The bike is extremely easy to handle, and this is coupled with safe riding characteristics, thanks to its optimised cable-controlled steering – and the optional Control Technology package with full suspension provides an added level of safety and riding enjoyment. Thanks to its height-adjustable saddle and stem, it can be quickly adjusted to different riders, like all our Cargo Bikes. There has also been considerable focus on the use of environmentally friendly materials in the design and development of the Packster 70.

Packster 70 Business / white

Optional accessories: Box with Persenning, Smart Lock
