RIESE & MÜLLER

Our concept

Riese & Müller Business has expanded our portfolio of sustainable mobility concepts for business customers. We offer tailor-made sharing and fleet solutions for local authorities and companies of all sizes, for example for retailers, restaurants, tradespeople, care providers or mobility companies.

The benefits for you

- **Strategy** Expansion of your sustainability and mobility strategy
- **Specialisation** Configuration and individual design of Riese & Müller Business models for your specific use
- **Connectivity** Compatibility of Riese & Müller Business models with app-based Smart Lock systems
- **Personal project support** Personal point of contact for your project

carvelo2go
Since 2015, Cargo Bikes from carvelo2go have been part of the Switzerland's streetscapes. More than 350 bikes are transporting goods and children in 85 Swiss cities and municipalities. carvelo2go provides Cargo Bikes to its partner companies ("hosts"), who then manage all the bike sharing procedures.

Diversity in practice

Our Riese & Müller Business models are extremely versatile: they reliably combine customer and employee mobility or sharing schemes with riding enjoyment.

Alnatura
Cargo Bike rentals
Riese & Müller model: Packster 60

Donk-EE
Cargo Bike sharing in Cologne
Riese & Müller model: Packster 80

Nordsee-bike
Nordsee-bike provides hiring services to residents and guests on the East Frisian islands of Norderney and Juist. People can then explore the car-free islands independently and climate-neutrally using the Nevo and the Packster 60 Cargo Bikes on a daily hire basis.

The Riese & Müller Business fleet

Our Business models are perfectly tailored to your specific requirements. Selected add-ons enhance the bikers' anti-theft protection (e.g. theft-proof seatpost and Cargo-Box lashing straps) and longevity (e.g. heavy-duty add-ons) ensuring that they are ideally equipped for use in your municipality or company. The intuitive continuous Enviolo gear is a reliable, low-maintenance solution for use in sharing and fleet concepts.

Nevo vario Business

Its distinctive design, coupled with its integrated battery and powerful drive make the Nevo vario Business a real winner for everyday use. It cannot fail to impress with its excellent riding comfort and comfortable handling, thanks to its low step-through, proving that sporty demands and maximum comfort can go perfectly hand in hand.

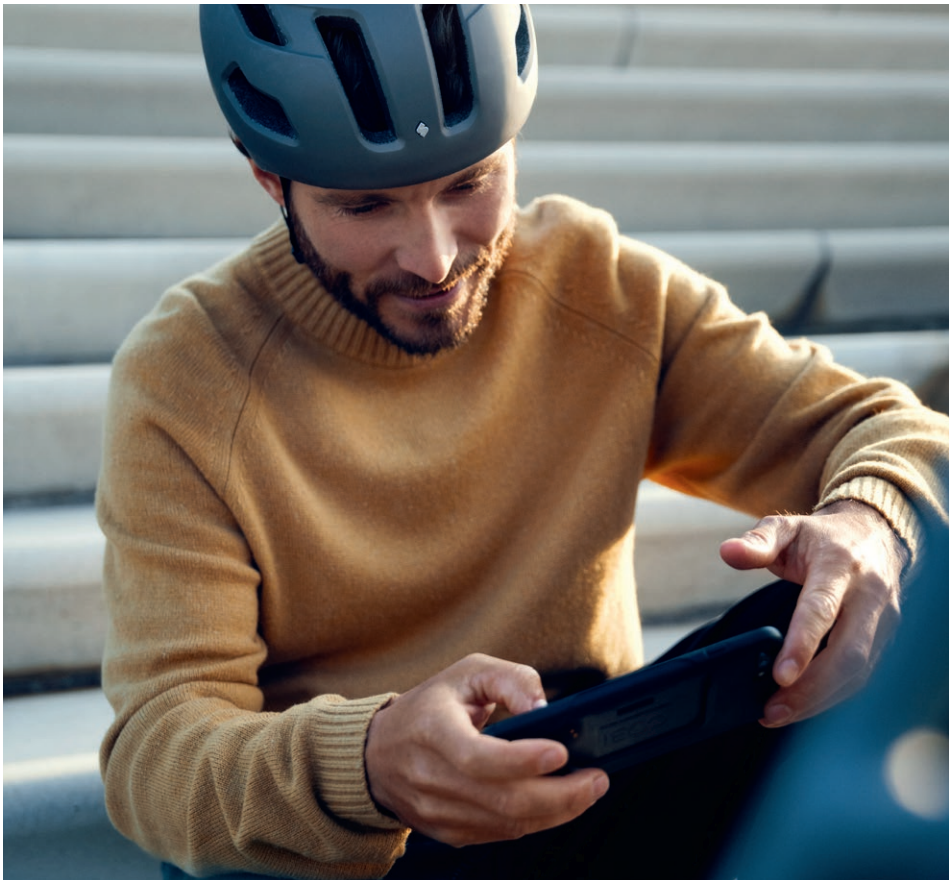
Equipped for the future

The Riese & Müller Business models can optionally be configured with a Smart Lock, enabling digital operation in a fleet or for sharing. The smart add-ons connect the Riese & Müller Business models to popular mobility platforms and systems, transforming your E-Bike into a ‘Connected Bike’.



Nevo vario Business Custom-design the Nevo carrier panel according to your corporate design.

Mobile brand message

From a minimum order quantity of 10, you can custom-design your Riese & Müller Business models – by adding stickers and labels with your logo to the carrier through to promotional messaging on the side of the Cargo-Box. This quickly and practically boosts brand awareness in locations where the bikes are being used. The models remain recognisable as Riese & Müller Bikes while conveying a powerful joint message with your customised designs.

Cargo Bikes The carrier panels and Cargo-Box have space for your logo and brand message (see the "wings" design example).

FAQ and contact

Let's take the next step together on the road to sustainable mobility in businesses and in cities in which people want to live. The key details of our offering have been summarised for you in this brochure. Answers to basic questions are available in our FAQ. If you want to contact us directly with an enquiry, use the contact form at r-m.de/business. We look forward to hearing about your project.

What happens to my enquiry after I have submitted it?
Our sales team will check over your enquiry. We will provide you with a response as soon as possible – usually within a few days.

Are there requirements that have to be met before a potential project can be implemented?
Yes. One prerequisite is compliance with our Code of Conduct for Business Partners. In line with our Responsibility Strategy, we at Riese & Müller expect our business partners and their employees to act responsibly and adhere to our Code of Conduct and the principles derived from it.

Who will be my contact if my project enquiry is accepted?
We will closely coordinate the way forward with you. Either your local dealer will be involved or we will arrange a direct sale with support straight from our sales team in Mühltal, Germany. As our mobility and business partner, we aim to provide you with optimum care and ensure that the bikes we supply are in excellent condition for a perfect riding experience.

Can I also approach a local Riese & Müller dealer with my enquiry?
Yes. We welcome our local dealers being involved in your plans. Besides selling our E-Bikes, our dealers are ideal partners for regular service and maintenance work.

Can I also order a different Riese & Müller model as a business customer?
Yes. We would be happy to look into your enquiry. Please bear in mind that no customisation or Smart Lock options are available for other models apart from the Riese & Müller Business bikes.

Can I order a Riese & Müller Business model as a private customer?
Yes. To do so, please contact your local Riese & Müller dealer, who can order the model for you.

Is there a minimum number of bikes I have to order as a business customer?
No. Business customers are not required to order a minimum number of Riese & Müller Business models.

What delivery times should I expect?
Delivery times depend on the number of bikes requested and the preferred Riese & Müller model. Once we have checked your enquiry, we will be happy to provide you with individual information regarding anticipated delivery times.

Are there customisation options?
Yes. We can offer you customisation options starting from a minimum order of 10 Riese & Müller Business models. Our Business brochure describes these options in detail. Please be aware that we can only offer customisation options for Riese & Müller Business models.

Can I order a Riese & Müller Business model with a Smart Lock as a private customer?
No, the Smart Lock option is only available to business customers who are planning to roll out sharing projects with their Riese & Müller Business models (with 10 bikes or more).
